Re: Keyin College COVID-19 Provincial Update

Date: February 13, 2021

Due to last night's announcement from our Chief Medical Officer that the Province will be reverting to Alert Level 5, Keyin College will be shutting down all our campuses and learning centers effective immediately.

Our Mid Break/Mental Health Holiday is this Monday, February 15th and with the growing anxiety and stress that this pandemic has brought us this long weekend is needed. We are therefore extending the mental health days to Tuesday, February 16th and Wednesday, February 17th. Please take this time to adjust to Alert Level 5 measures at home with our families. We recognize the stress and challenges that working and learning from home will bring but we have been there before and persevered. Home with our loved ones is the safest place to be.

In the coming days we will be providing you with information on class schedules resuming on Thursday, February 18th. As well, we will be communicating additional technical and wellness supports that are available to you.

As always, your safety, health and wellness are our highest priority. We are here to support and guide you. Please remember that you can access confidential mental health and wellness support through the My Student Support Program (SSP), "MySSP app" by clicking on the following link: [My SSP: A Virtual Student Orientation for Keyin College](#).

Further resources and protocol on Alert Level 5 and COVID-19 measures can be found by visiting the following link: <https://www.gov.nl.ca/covid-19>.

We are here for you. If you have any questions, please feel free to contact us.

Stay safe everyone.
