

Medical Examination Report Concerning a Person's Ability to Drive

A medical examination report is required either because of the class of licence you hold, the class of licence you are applying for, your age or because you have a medical file with us.

Please have your medical doctor complete form on the back of this letter and return it to the Medical Section at the address above. Please note, you are responsible for any costs

If you are unable to meet this request or if you have any questions you can call the Medical Section at 709-729-0345 or toll free at 1-877-636-6867.

Thank you in advance for your cooperation.
